COVID-19 INFORMED CONSENT TO TREAT

I understand that the novel Coronavirus (COVID-19) has been declared a global pandemic by the World Health Organization (WHO). I further understand that COVID-19 is extremely contagious and may be contracted from various sources. I understand COVID-19 has a long incubation period during which carriers of the virus may not show symptoms and still be contagious.

I understand that I am the decision maker for my health care. Part of this office's role is to provide me with information to assist me in making informed choices. This process is often referred to as "informed consent" and involves my understanding and agreement regarding recommended care, and the benefits and risks associated with the provision of health care during a pandemic. Given the current limitations of COVID-19 virus testing, I understand determining who is infected with COVID-19 is exceptionally difficult.

| | ceed with receiving care, I confirm and | | | Below |
|---|--|--|---|--|
| or li ∎pe | I understand my treatment may create circumstances, such as the discharge of respiratory droplets or person-to- person contact, in which COVID-19 can be transmitted. | | | |
| th pc | understand that I am opting for an elective treatment that may not be urgent or medically necessary. I understand here are alternatives to receiving this care, which could including receiving care from another type of provider, or postponing care altogether at this time. However, while I understand the potential risks associated with receiving reatment during the COVID-19 pandemic, I agree to proceed with my desired treatment at this time. | | | |
| ● Lu of | understand due to the frequency of appointments with patients, the attributes of the virus, and the characteristics f procedures, I may have an elevated risk of contracting COVID-19 simply by being in a health care office. | | | |
